

An Evening with Shaman Foster Perry

Friday, September 22nd 7pm - 8:30pm , \$40

Foster will speak on our collective futures, how to find balance & meaning in the days ahead & the spiritual purpose of these challenging times. Foster is deeply connected to the higher realm and always brings a profound and far-reaching perspective to the events happening in our world and our individual lives.

Foster Perry has travelled the world studying, teaching and practicing the joy of self-healing for more than 20 years. After graduating from Georgetown University, he moved to New York City to study art, design and psychology. It was there that his life reached a turning point when he was struck by lightning. This event served as Fosters calling, compelling him to leave his life, his family, and his friends and embark on a life long study of spiritual traditions and practices around the world. Foster studied ritual, ceremony and healing with Shamans in the South Western United States and South America. He now synthesizes his extensive knowledge of Native American, South American, Asian and European healing traditions with spiritual practices into what has come to be known as Hummingbird Medicine, a transformative teaching modality. Hummingbird Medicine aids the participants in healing their wounds, and releasing their fears, freeing them to experience again their love, their life, and their divine joy. Foster works as a ceremonial leader, workshop facilitator, author and recording artist and his Hummingbird Healing Technique has earned him respect around the world.

2-Day Healing Workshop & Special Teachings With Foster Perry & Kristos

Saturday & Sunday, September 23 & 24th, 10am - 8pm

In this group setting, each person will receive their own reading & healing with Kristos & Foster. Kristos gives a reading of the Aura and of karmic patterns of the soul. This includes the exact past lives that affect this incarnation, the connection from other incarnations with family, marriage partners and children and all other important patterns or events - whatever is relevant to the healing. The spiritual reading is practical, informative, and regenerative. The clairvoyant medical readings are included to know what is going on in your body and to find peace through healing on all levels - physical, mental, emotional and spiritual. Following the reading, Foster will give an in depth clearing & healing. This is an amazingly transformative experience to get to the bottom of your issues, and to know the direction and purpose of your life.
